Design wanted Staging

Templates Blueprints

General Information David - Mrs. Wheeler likes the doorlight in Knoxville. The window is in memory of her husband, who enjoyed hunting and fishing. That is why she chose David.

Glass to be kept just as light and brilliant as possible. We can probably use rough textured glasses that will pick up and reflect some borrowed light.

Doorlight is 12 1/2 x 29"

See measurements and other information in the folder.
