General Information .....

We have enjoyed designing your memorial window according to your outline of subject material, and we are glad to send you the rough color sketch, herewith.

As planned, the left panel is devoted to Moses who holds the tablets of the Commandments. We have included the text, - "The law was given through Moses." Through the blue field are symbols of the five books of Moses.

Christ's gesture suggests both teaching and welcome. Below is the text, - "Grace and truth came through Christ." The chalice and host of communion enrich the field.

Above are the descending dove of the Holy Spirit and the Hand of God, completing the symbolism of the Trinity; and over all, the scales of Justice.

Provisions for much personal symbolism is planned through the base; - the law books on New Jersey Practice, crossed plume pens, Beta Theta Pi badge, the seal of Columbia, and the fly fisherman, under Moses; a hospital bed and crutches, sail boat, Phi Beta Kappa key, Yale seal, flag on golf green, and Rotary badge, under Christ. These can, of course, be changed or adjusted.
