Place.....South Hadley Falls, Massachusetts.....
Building.....Congregational Church.....
Date of Completion.....October 1965 *
Persons Interested.....Mr. Ronald Astley.....
Price \$1600.00
20 West Summit St. So. Hadl. Falls.....*Dedication date 10/10

Minister.....The Rev. R. D. Dennett.....Denomination.....Congregational
Architect.....

Vents.....
Position in Church.....Chancel

Height from floor.....3'.....Protection Glass.....Groove Rabbet.....Metal Stone Wood

Exposure.....North (No close obstruction).....Footage.....

Inscription.....

Embroid not received

Design wanted.....Staging.....

Templates.....Blueprints.....

General Information.....

The central figure of Our Lord robed in white and ruby, traditional colors of Purity and Divine Love, stands in an attitude of welcome suggesting the theme, "Come unto Me..." At His feet is a suggestion of the Earth, and above, the trefoil of the Trinity with the descending Dove of the Holy Spirit.

Following your Pastor's suggestion, we have symbolized the theme of Divine Grace descending from above, by means of the seven doves, symbolizing the Gifts of the Holy Spirit coming down from God through the clouds, and the prayers of the faithful offered up to Heaven, by praying hands winging their way upward toward God.

We believe that a glass opening of forty inches wide by seventy-two inches high will serve to best purpose. The sash or framework can be of any construction providing it has a half inch rebate, as indicated in the margin sketch. Your builder asked us about this.
