General Information The general design is very much like the smaller sacristy window, but in much softer colors in different arrangement. The LYRE, symbol of Music, holds the dominant position, with a musical scroll in the secondary position.

We plan to keep the window light and brilliant to adequately illuminate the passage. We visualize how beautifully it will work out in the color and light of the actual glass and we are eager to develop it.

The donor, Mrs. Tucker, would like a little more green init - somewhere (?). Mr. Skinner has seen her, so he'll know where!
