General Information

5443-A In the last window on the Gospel side, the rich, but small Zacchaeus in the sycamore tree draws Christ's attention.

Completed Nov 1972
* 5443 On the Epistle side, Jesus heals the blind Bartimaeus on the road from Jericho.

5443-B Next, He blesses the loaves and fishes to feed the 5,000.

5443-C The woman approaches to touch the hem of His garment. Above is a symbol of the ruler's daughter, soon to be restored to life.

5443-D Jesus teaches the multitude from the boat by means of Parables...

5443-E And finally, Jesus confronts the doubting Thomas with His wounds. He is encircled with cloud forms to suggest an ethereal aspect after the Resurrection. Perhaps you would rather omit these.
