General Information "Parable of The Sower" "Sower" "Reaper"

As planned, the portion below the balcony is devoted to the theme of the young Christ in the carpenter shop. He works with saw at the bench, while Joseph studies plans and Mary goes about her spinning. "And he went down with them, and came to Nazareth, and was subject unto them. ... And Jesus increased in wisdom and stature, and in favor with God and man".

Above are the Sower and Reaper. The sower sows his seed, some falling on stony places to be scorched by the sun; while some falls among thorns, choking them. Others fall into good ground bringing forth fruit in abundance.

The reaper reaps the harvest from seeds that fell on fertile soil.

Below, satan and an angel exert their influence for good and evil.

At the top is the symbol of the open Bible, - the word of God.

We visualize how beautifully this design will work out in the color and light of the actual glass and we are eager to develop it. We believe it can be made at a cost of eleven thousand, eight hundred dollars (\$11,800) including complete installation in the present frames.
