Blueprints.....

General Information.....

Symbols of - Deacon - Bishop - Priest

We have placed the symbols of the Bishops! pastoral staff and mitre at the center as the position of honor, but of course they can read across if you prefer, simply by changing the color arrangement.

For the Priest - we have indicated the chalice and stole. Of course, the chalice has been represented, but this will be quite different.

The Deacon is symbolised by the open Gospels.
